FOR IMMEDIATE RELEASE**Impact Networking Demo Sweepstakes Winner Cheers Chicago Blackhawks Wednesday Night... Wins 2008 Porsche Boxster!**

WAUKEGAN, IL – March 12, 2009 – For Christopher Valadez of Chicago, cheering on the Chicago Blackhawks Wednesday night was fun. Learning at the pre-game drawing held at the United Center (delivered via live Webcast to Impact Networking showrooms throughout the region) that he had won a 2008 Porsche Boxster for participating in the Impact Networking Demo Sweepstakes was surreal.

“I’m still in shock,” exclaimed Valadez, a medical practice research coordinator for breast care specialist, Dr. Kambiz Dowlat. Valadez is exploring more efficient document strategy systems for their practice in conjunction with new emergency medical record technologies and protocols. “I can’t believe I actually won a Porsche,” he added. “It makes you realize that anything can happen.”

Amid the nationwide business woes of a depressed economy, Waukegan-headquartered Impact Networking, a privately-held business solutions technology company, has swept the ice in recent months regarding accolades for business success: 2008 Dealer of the Year by ImageSource Magazine; one of Crain’s *Fast Fifty* (fastest-growing public and private companies in the Chicago area); #41 on CRN’s *2008 Fast Growth 100* companies; and #6 on Crain’s *2009 Best Places to Work*.

At Wednesday night’s Chicago Blackhawks’ game, Impact Networking, a corporate sponsor of the Blackhawks, added to its amazing run by hosting a sweepstakes for qualifying participants from its document strategy demonstrations over the past nine months.
